

LORENA BENATTI®

Autumn Winter 2024 lookbook

## **LORENA BENATTI - AUTUMN WINTER 2024**

*In the narrow and crowded streets of Paris,  
where the energy of fashion mixes  
with the frenetic pace of urban life,  
a woman moves with confidence and unique style.*

*Her name is Lorena, a brilliant entrepreneur  
with a passion for travel  
and an eye for authentic beauty.*

*Lorena embodies spontaneous elegance,  
always traveling the world for business, but also for the joy  
of discovering new cultures and experiences.*

*Her life philosophy reflects the desire  
for uncompromising comfort combined with impeccable style,  
which comes so spontaneously to her. Inspired by her passion  
and pursuit of unparalleled quality,  
Lorena decides to create her own line of women's clothing.*

*A collection that embodies casual elegance,  
made with the best natural fibres,  
expertly crafted in Italy, dedicated to all working women like her,  
eager to express their authenticity through garments  
that combine comfort, style and quality.*

*With the new Autumn Winter 2024 season the journey continues.*

*A journey into the present and beyond.*

*Our woman feels good in the clothes she wears,  
so she begins a journey to discover herself as well  
as the places she encounters.*

*The A/W 24 Collection is a hymn to dynamism,  
designed for a woman who wants to feel good from morning  
to evening, in fine yarns that hug the silhouette.*

*Natural materials are used such as 100% cashmere  
and sustainable wool, materials that not only envelop the body gently,  
but tell stories of Italian craftsmanship and tradition.*

*Precious fibers that meet high standards.*

*The processes range from rib to jacquard. Inlays and stripes blend  
in the natural colors of the earth and nature,  
with points of light blue, orange and blue.*

*The volumes accompany the lines of the body,  
welcoming, leaving room for femininity*
